July-August Issue of The Barium Messenger Will Appear In August.

Barium Messenger

VOL. 32 BARIUM SPRINGS, N. C., JUNE 1954 No. 7

On May 12th the ground-breaking ceremony for the new church was participated in by members of the Board and officers of Little Joe's Church. Reading from left to right — W. E. Price, J. H. Lowrance, N. H. Edgerton, Mrs. C. E. Kerchner, Reverend S. E. Howie, E. K. Kyles, W. A. Hethcox, and Rev. N. R. McGeachy. The two children are the youngest of the Home, Leonard Utsman and Phoebe Brumbley.

New Staff Members Arrive On Campus

The month of June begins the summer program and also this year has brought to the campus a number of new staff members. These persons will fill the vacancies that have long existed and will in some instances replace the temporary services that were being rendered.

Miss Marjorie Felder will be associated with the girls in the Woman's building and in Rumple Hall. These girls range in the age from the intermediate group through the seniors in high school. Having lived once in Georgia and graduating from Agnes Scott, Miss Felder now claims residence in Indiana, but came to the Home from Richmond, Virginia, having graduated from the Assembly's Training School.

Miss Betty Brunskill from Richmond, Virginia, a graduate of the Training School, also by way of Merryville and living in Florida, has joined the staff and at the present is living with the Junior High group of girls.

Mrs. C. E. Hager, a near neighbor of Barium Springs, originally from the community of Cool Springs, has come to take up residence in the Boys' building. Discovering that she had an apartment to live in Mrs Hager brought a new re-

Awards Made As School Closes

While the awarding of the diplomas to the eighteeen graduating seniors was the most important part of the commencement program yet many other individual awards were made to the seniors and to other members of the student body. Perhaps the most coveted award made each year is that of the Ace Medal. One member of the senior class is elected to be the recipient of this Medal and one former graduate of the Home is chosen to receive the Alumi award. Annie Belle Williams Dawson came to the Home in 1910 from Wade, N. C. and graduated in 1922. After her graduation she returned to her community and has continued to live there the whole of her life. Her continued faithfulness in her own home, in the church, and in the community commended her highly to the committee and she was the recipient of the Ace Medal for the year. In the senior class when the balloting was finished Louise Bradshaw was the winer for the student Ace Medal.

Each year a small monetary award is made to the students in each of the grades fourth through the twelfth for the most improvements during the year. The following awards were made: Fourth Grade, Howard Cox: Fifth

Neill Is New Purchasing Agent

Roger M. Neill of Mooresville, N. C. has become the new purchasing agent for the Home. The total buying of the institution will now be brought under the direction of Mr. Neill, thus displacing the former plan of having the department heads purchasing by requisition. Mr. Neill comes to Barium from Mooresville where he had been serving as office manager of the Cascade Mills. Other places where he has served are the First National Bank of Mooresville and the Barger Construction Company. Highly reputed in his community as a Christian gentleman and a capable business man, Mr. Neill is considered a valuable asset to the staff at Barium. He and his wife and two children will be moving to the campus about the middle of June to take up full residence in the community. His membership is in the

Perfect Attendance 1953–1954

One Hundred and thirty-eight certificates were given for perfect attendance with the attendance percentage being 95.5 for the year. Following the customary procedure, a copy of the word of God was placed in the hands of each senior, so that as each graduate left the platform with a diploma in one hand and a Bible in the other, he in symbol marched forth with faith and learning as his tools for service.

First Grade — Ricky Davis, Larry Joyner, Dwight Lefler, Clyde Mace, Linda Bridges, Patricia Mobley, Naoka Spencer, Kathryn Buss.

Second— Steven Ayers, Kenneth Davis, Percy Edwards, Jimmy Gregory, Richard Hicks, William Carol Morris, Walter Snead, Forest Spencer, Abner Wilkins, Shirley Farris, Judith Rutledge, Joyce Hughes.

Superintendent's Report To Board

Through the providence of the loving Heavenly Father the year 1953-54 has been completed. While the true record of the year's endeavors are recorded in the permanent books of the Eternal, the temporary records for all phases of the life of the Home have been carefully kept in every department, and are available for inspection and discussion by anyone who wishes to learn the facts concerning the life of the big family during the twelve months.

Administration

This report shall follow the general outline of the budget for convenience in reporting; therefore, the first subject is administration. The administrative staff is an excellent one. These persons, as well as all other persons of the staff, have worked hard and are to be commended for their spirit and service in the operation of the Home. Mr. J. H. Lowrance who has been in the service of the Home for over forty years will be retiring on the first of June. The Board is requested to take proper recognition of these years of service and to send expressions of same to Mr. and Mrs. Lowrance. His successor, Mr. Roger Neill,

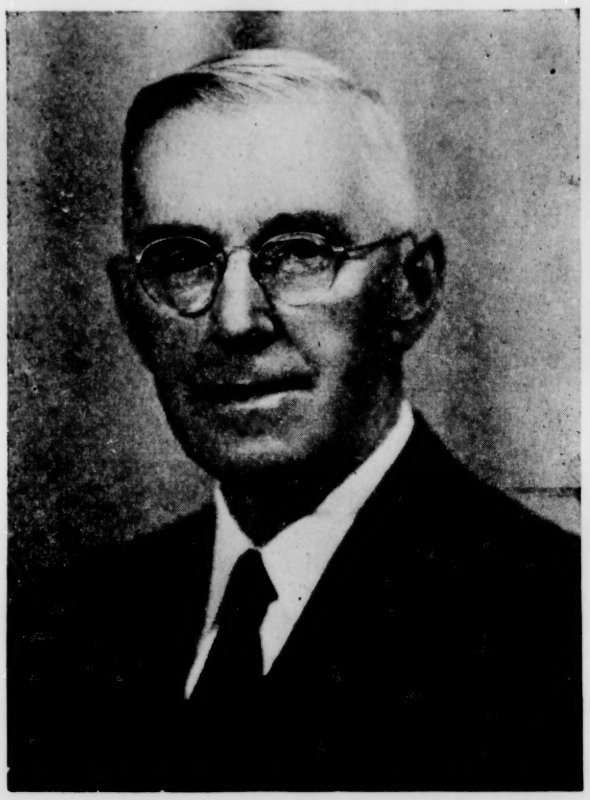
Lowrance Retired After Forty Years Service



Mr. J. H. LOWRANCE

The month of May brought to a close the longest tenure of service in the life of Barium Springs in the retirement of Mr. J. H. Lowrance. Before World War I Mr. and Mrs. Lowrance came to the campus and from January 1914 until May 1954 they have been a part of the community and members of the staff. Thus, in his seventy-fourth year, Mr. Lowrance has invested more than half his life in the service of boys and girls in the name of the Church and for the Glory of Christ and His Kingdom. For faithfulness to the Home, integrity in personal living, and loyalty to his Church, Mr. Lowrance is unexcelled.

The Board has taken special recognition of these years of service and in addition to providing monetary income for life has offered to build a new home which Mr. and Mrs. Lowrance might have the use of without charge so long as either of them desires it. This home would be erected upon the three acres of land now owned by Mr. and Mrs. Lowrance which would be deeded to the Home.

A very brief summary statement has been prepared by Mr. Lowrance relative to his years of service and many will find great interest in reading it.

"I came to Barium Springs on January 19, 1914, with my wife and four-year old daughter. Three children were born, two boys and one girl.

I came here to be in charge of the dairy, and we lived on the first floor of the building known as Round Knob. This building was located near where the water tank now is. Mrs. Lowrance was housemother for about a dozen boys 13-15 years old. We lived on the first floor of the building and the boys on the second floor. The bathroom for the boys was in the basement without any heat except a small water heater. The bathroom in our apartment was a tin tub in the kitchen. At the end of the year I accepted an offer to take over the buying with an indefinite number of other things that go with it. With a group of boys not too anxious to work, we policed the campus, and with the aid of the young man power and an ox cart we kept the driveways and walks in fair condition until the next big rain came. For several years I had charge of butchering the hogs and curing the meat. Dr. Sam Howie did this job for one year. I helped on the farm when I was needed. I took the children to the dentist, the doctors, and to the hospital. We did not have a registered nurse, and on that account the children had to go to the hospital more often than they do now. I have taken children to the hospital at all hours of the day and night.

When I came here the cottages were overcrowded. The boys at Lees slept in double-deck beds - this was then the big boys cottage. Howard was the big girls cottage. It was a great relief when new buildings were added.

The spiritual condition at the Home has been very low at times, and then on the other hand when a boy or girl that we thought would never amount to anything turns out so well we realize that they have become real Christians. So many are interested in the Church work and are officers in the Church. It is disappointing that more of our boys have not gone into the ministry.

There were approximately 225 children here when I came. At times since then there have been as many as 375 here. There was the superintendent and one secretary in the office - one housemother in each cottage and one head matron in the Home. There were no days off during the week and no week-ends off every month.

The large boys were in Lees Cottage - the dairy boys in Round Knob - later Alexander Cottage was built, and on one side of Alexander there was the laundry and shoe shop - the smaller boys were at Synod Cottage, and the girls were in Annie Louise and Howard. I was made Assistant Superintendent in 1917. I have been an Elder in the Presbyterian Church for 42 years, a member of Little Joe's Church for 40 years, and Clerk of the Session 35 years.

There have been about 16 children to graduate each year that I have been at Barium Springs - many came and stayed only a few years.

I have served as purchasing agent for 39 years. I served at the Home under superintendents Walker, Hyde, Johnston, and McClure".

The boys and girls on the campus will join in the many hundreds who have gone before in expressing gratitude for this Christian family and shall deeply cherish the fond memories centering around these servants of God.

Grade, Linda Utsman: Sixth Grade, Richard McKenzie: Seventh Grade, Betty Wright: Eighth Grade, Harold Evans: Ninth Grade, Lawton Rice: Tenth Grade, Boyce Dean Smith: Eleventh Grade, Delores Ramsay: Twelfth Grade, Louise Bradshaw.

The Bible Medal was awarded to Carol Jean Andrews, a member of the senior class. The Music Improvements Medal was awarded to Lois Dellinger, but because of the closeness of the race a second one was given to Delores Ramsay. The medals for the salutatorian and valedictorian went to David Morrision and Carol Jean Andrews, respectively.

The girls made a clean sweep in the junior class of the marshal honors. Shirley Shaw, with the highest average for the three years, was Chief Marshal. The other four were Edna Baucom, Joyce Kelly, Mary Emma McClure, and Lucy Troutman.

Synods Cottage

Here we are back with some more news. School is out and the little boys are already running around without their shoes and shirts. I guess the biggest thing they looking forward to is swimming. That is all you hear them talking about now.

Big plans are now being made for vacation. In about another month the boys will be asking,"When and how do I go on vacation."

The boys got their report cards and we were happy to see that ten made the honor roll for the last six weeks and eight made it for the year. They are Larry Joyner, Chuck Utsman, Kenneth Utsman, Richard Hicks, Albert Edwards, Joey Vecchio, Bobby Grier, Jimmy Gregory, Walt Snead, Percy Edwards, and Ricky Davis.

—The Wigglers

Annie Louise Cottage

Here we are back again to bring the great events of Annie Louise Cottage.

Some of the little girls have been saying some funny things around here lately that have gotten the best of us. Teressa Taylor said ,"that Joyce (our big girl) was making fudge into candy." (What she was really doing was making fudge.) We were on a walk one afternoon, while it was still light, and the girls were discussing the moon which was already up. After a while when it was beginning to get dark, Peggy Bridges ran up to our housemother and said, "that the moon was turning on its lights.

We are beginning to see some progess in the building of our new Church. They began digging the ground with a caterpillar Thursday morning, May 27.

We have been to see one movie since school was out. It was the Cinemascope production of "Lucky Me." The little girls particularly enjoyed it because of Doris Day.

One of our "big girls" moved to the Womans Building since she was a senior. Our new "big girl" is Martha Evans, who will be a junior next year. She moved over yesterday.

SUPERINTENDENT'S REPORT

(Continued From Page One)

has been chosen. Mr. Neill will do the purchasing for the institution, thus effecting one of the long planned for procedures.

Household

This is really the heart of the work of the Home for it concerns itself with the food and clothing and living quarters and care of the chilren. For the first time in the last four and one-half years the Home has a sufficient number of housemothers. Six new persons for permanent work will be comming to the Home the first of June. These will fill some vacancies which have long existed and will replace some of the temporary services now prevailing. The dining room and kitchen has had a fair year of operation. While we have had some improvements in food, yet it has not been entirely satisfactory. Special attention will be given to this in the new year.

Health

The records would show an excellent year from the standpoint of health. The regular general physical examination was held with the recommendation of the doctors carried out for each child. The infirmary under the care of a registered nurse has taken care of the daily ailments. Dr. Griffin of Troutman has been on call, and Dr. Davis with his hospital and staff have an been invaluable asset to the institution. Barium Springs cannot be too lavish in expressions of praise to Dr. Davis and the members of his staff for the services rendered to this Home. The new feature of the Health Program is the dental work. A volunteer committee of Presbyterian dentists, in addition to rendering free service on their part, have provided for a dentist, Dr. William S. Kirk of Salisbury, to be on the campus two days each week, recommending that the Home pay a nominal sum of twenty-five dollars per day for his work. This plan is proposed for next year. The superintendent would highly commend the men who have engineered this program and Dr. Kirk who has done the work, and recommend that the Board approve the carrying on of the program in the new year.

Education

The school has been well staffed and directed throughout the whole of the year. Principal R. G. Calhoun and the teachers associated with him have done a good piece of work in the Elementary School and the High School. Particular attention is called to the strengthening of the Music Department by the securing of Mrs. Gene Kirby as piano teacher who has assisted Miss Catherine Edgerton, teacher of Public School Music and Director of the Choirs and Glee Club. The members of the Board are aware of the existing financial status of the school in that the County affords the number of teachers that would be required for the total number of students. This is about three out of five teachers required for the staff of the Home. The teacher load in each instance is actually lower at Barium Springs than that of the State, but it is necessary to have a teacher for each room or grade; therefore, the budget shows an item of approximately $25,000.-00 for teacher's salaries. This does not include the furnishing of the buildings and the physical operations pertinent thereto. The only alternative to this is for the children to attend school off the campus. The majority of child-caring institutions send their children to High School off the campus; some of them have their Elementary School on the campus; and some of them send all their children to city or county schools off the campus. The superintendent is making no recommendation for change.

Christian Education

During the year the Home and the Church secured the services of Dr. J. O. Mann and the members of his staff to do a week of survey and clinic in the Church and in the Home. These persons spent a week on the campus visiting the Church School and the cottages, holding conferences with teachers and housemothers, and evaluating with the minister and superintendent. A Sunday School Council was formed and many suggested plans are being put into effect. At present the focal point for accomplishing the ideal on the campus and within the Church School is the selection of a new minister. Reverend Charles H. Sides, Jr., accepted a call to the Harrisburg Church in February. The Home and the Church are now in the process of securing a new minister. During this interim period the work is going forward satisfactorily. Dr. W. G. Workman, head of the Psychology Department at Davidson College and a minister of Mecklenburg Presbytery, is the supply pastor. Miss Ann McMichael of Synod's office has been giving guidance and counsel to the Youth Groups. The superintendent and cottage mothers have been giving special attention to the worship services of the cottages. The new year affords opportunity for bringing to pass on the campus and within the Church a full, effective Christian Education program.

Plant Operation and Maintenance

The total plant operates under the inspection of the County Health Department and has been satisfactory to that department throughout the year. The superintendent would again remind the members of the Board that a large number of the buildings on the campus are old and inadequate for the purpose which they are supposed to serve. This means that it is difficult to keep them in a good state of repair, and further that it will be necessary to replace some of these in the immediate future. Ninety percent of the dwellings of the staff members need immediate attention, ranging in price from $100.00 in repairs to as much as $1,500.00 and $2,000.00 for some of the larger buildings. Specific recommendations relative to repair and restoration of the present buildings and the erection of new buildings will be presented for the Board's consideration. Two major permanent improvements have been effected. One is the completion of the sewgae disposal system erected by the Gilbert Engineering Company and approved by the State Board of Health. The second is the surfacing of some of the campus roads and walks. These two items, together with last year's installation of the new steam line and hot water system, make three major permanent improvements.

Extra-Institutional Services

This department concerns itself with the case work necessary for the admission of children, for the replacement of children, and the study of children while they are in the Home. For nearly two decades Miss Rebekah Carpenter has been the case worker. A good set of records is kept on the children. The case history of each child is private and is made available only to the superintendent and the case worker, while any information of value to houseparents and to school teachers is afforded for the guidance of the children. At the present time there are 223 children on the roll of the Home. 19 of these are full orphans: 64 have lost their mother; 56 have lost their father; 84 have both parents living. This ratio is about the same as the average for North and South Carolina child-caring institutions. The Presbyteries of the Synod are represented in the following proportions:

Albemarle 25, Concord 25, Fayetteville 32, Granville 15, Kings Mountain 20, Mecklenburg 41, Orange 20, Wilmington 29, and Winston-Salem 16.

The space for children from the first through the eighth grade has been completely taken during the year. There have been some vacancies in the pre-school cottage and in the High School cottages for boys and girls. At the present time there are thirty children in the process of investigation who are subject to admission to the Home after the closing of school. The graduation of the seniors and the replacement of other children now in the Home will total about thirty. With some re-arrangement of cottage housing, it is anticipated that the next year's enrollment will reach the capacity of the Home which is 250.

Printing Department

The Printing Department continues to publish the Barium Messenger and the High School annual. Also, the shoe repair work is done by the printer. This means much activity in this department. While there is no commercial work done in the Printing Department, it does serve all the Home purposes in providing Church bulletins, programs, football posters, office forms, stationery, and the like.

Farm, Dairy, Orchard & Poultry

The production of small grain, corn, alfalfa, and lespedeza hay was sufficient for the year's operation even though last summer was dry. The garden vegetables were more sorely affected by the lack of rain. Nearly 25,000 pounds of pork was produced in the form of sausage, bacon, shoulders, and cured hams. Fryers and hens from the chicken farm, together with eggs, added to the food supply. The dairy herd was released from quarantine and given a clean bill of health. This made a decision necessary as to whether or not to pasteurize the milk. Careful study and investigation has been made, counsel having been obtained from State College, the local producers, and nearby persons whose business it is to operate dairies. The decision reached was that the Home should not erect a pasteurizing plant, but should effect the most economical means of securing pasteurized milk. Plans are now under way for production of the greatest amount of Holstein milk possible with our present herd, and negotiations are under way for securing a sufficient amount of pasteurized milk for the needs of the Home.

The orchard vielded a fair crop of apples and peaches. This fruit was used as fresh fruit and also was processed in the form of preserves, jams, and canned fruit. The outlook for the new year is good thus far for both peaches and apples. It is the hope of the administration that in years to come the farm can produce more in the way of vegetables for the table and that with the erection of a cold storage plant the surplus can be processed for winter use.

Finance

The purpose of this paragraph is to give general statements relative to the Finance Department. Subsequently, the treasurer's report will be presented which will give a total picture, and in addition to that, the copy of the auditor's report is in the hands of the Finance Committee and is availabel for any member of the Board who may wish to review it.

The people of North Carolina continue to demonstrate their consecration and devotion to the church and their interest in Barium Springs. Last year set a new Thanksgiving record and this year exceeded it by $98.00. The total of the Thanksgiving Offering was a little over $94,000.00. Not yet has the goal set by the Synod been reached, but this was the nearest approach. The operation of a child-caring institution is an expensive business. The average per year per child ranges from a low of about $800.00 to a high of about $1,400.00 in six large North Carolina institutions. It is the intent of the administration to expend the funds approved by the Board as economically and wisely as can possibly be done. Salaries had to be increased. Competent people must be employed for the tasks that are to be accomplished. The Board is requested to give critical analysis to the total operation of the Home and to offer specific instructions to the superintendent for carrying on the program.

Conclusion

Under the guidance of God a good year is anticipated in 1954-55. With the erection of the Church and the beginning of new cottages and the effecting of necessary repairs, new interest will be created. With a full staff harmonized and dedicated to the work good results can be obtained. With a student body understanding the purpose and program of the Home and seeking to fulfill their part in the necessary operations, satisfactory growth and adjustment can be anticipated. Therefore, relying on the Almighty for His guidance and support through the love and interest of His people throughout the State, Barium Springs moves forward in its next twelve months of life and growth of the boys and girls who live in this beautiful place.

frigator, saying"I have come here to stay." That is good news to the administration.

Three additional workers for the summer time are Miss Pat Buercklin from Arkansas who has had one year at the Assembly's Training School. Miss Louise Goodbread high school English teacher from Rutherfordton, who was here for one summer will return for a portion of the summer.

Mr. Mike York, a graduate of Davidson College where he was awarded the Algernon Sydney Sullivan Medallion for outstanding Community service will be spending the summer months working with the boys. Two additional permanet staff members will be arriving later in the summer and will be announced when they have reached the campus.
